## Assembly Presentation (grades 3 - 8)

*Impossible Things and Big Dreams*

In this 45-minute program intended for larger audiences, Lindsay introduces kids to *All the Impossible Things*, and shares facts from science and history that seem impossible, but are true! This interactive session not only presents kids with amazing information, but also introduces them to real life-kids whose big dreams changed the world. By the end, students will hopefully come to believe that their dreams matter, too, and that nothing is impossible!

## Writing Workshop (grades 4 - 6)

*Wants, But, So... Drafting with Your Character in Mind*

Designed for smaller groups of up to 25 students, this 45-minute program introduces kids to Lindsay and her process for working out a first draft of a story with character motivations in mind. Students walk through Lindsay's "Wants, But, So..." method, learn from examples, and collaborate with the author on the first draft of a short story.

## Classroom Visit (grades 1 - 8)

## Skype Visit (all ages)
